

**Canadian Parents for French - Manitoba**  
is thrilled to announce the  
**French for Life Poster Campaign!**

This new initiative, funded through the Government of Manitoba's FSL Revitalization Program, will help young Manitobans understand the benefits of putting effort in to becoming bilingual.

**AND WE NEED YOUR HELP!**

Your students are invited to complete the slogan

**"I choose French for MY Life because...."**

Six slogans will be selected and the authors will be invited to act as French for Life Ambassadors. With parental permission, students will be professionally photographed and artistically integrated into the poster that bears their slogan.

Youth speaking to youth about the benefits of bilingualism. It's the way to go, and with your help the French for Life Poster Campaign will result in more bilingual people right here in Manitoba.

Thank-you in advance for your support.
